

# Metrc Support Bulletin

<b>Bulletin Number:</b> MD_IB_010	<b>Distribution Date:</b> 6/08/18	<b>Effective Date:</b> 6/11/18
<b>Contact Point:</b> Metrc® Support	<b>Subject:</b> Feature Release Memo	
<b>Reason:</b> Metrc has added new features for Login history, Package detail icons, Transfers counter, and Destination licensee		

## Login History

The user drop-down menu has been updated to include Login history. This option allows users to view the history of their logins.

Login History

## Package detail Icons

Instead of drilling down to see package details you will see icons which give, at a glance, a hint of the history of the package. The user can hover over each icon to determine what it means.

- From left to right:
- Contains at least one Plant Package
  - Contains at least one Product Package (e.g. buds, trim, brownies, etc.)
  - Contains at least one Lab Sample Package
  - Contains at least one Package flagged with "Product Requires Remediation"
  - Contains at least one Package that has Remediated Product

Manifest	
<div> <div>0000000041</div> <div> <div></div> <div></div> <div></div> <div></div> </div> </div>

<div> <div>1</div> <div>Page 1 of 1</div> <div>20 rows p</div> </div>	

## Transfers Counter

The Package section (Active, On Hold, and Inactive) has been updated to include a counter which tracks transfers associated with each package tag. If there is a “house” icon, it will be followed by the number of transfers associated with that package tag. If there is no “house” icon, then the package has never been transferred.

	Tag	
▶	Q ABCDEF012345670000012965	
▶	Q ABCDEF012345670000012964	🏠 2
▶	Q ABCDEF012345670000011218	
▶	Q ABCDEF012345670000011221	

## Destination Licensee

A new column labeled “Destination” has been added to the Transfer section to show the destination licensee. If a transfer has one destination, the licensee’s name and license number will be displayed. If the transfer has more than one destination, the text “multi-destination” will be displayed instead.
